individual basis, new employees will take the training when it is next scheduled. Changes proposed:

The executive director will research and schedule harassment training for current full-time employees every two years, and require it as part of onboarding for future employees. New full-time employees will be required to take the first training scheduled in the two-year cycle.

Part-time employees will be invited to join the training.

FY24 Draft 1 Budget

Cor noted that FY23 was financially successful, even though cable fees from the Brattleboro territory declined significantly for the first time. Cable fees from the SVC territory were significantly higher than budgeted, BCTV benefited from a legislative appropriation granted to all VT PEG stations, and our earned income exceeded expectations.

Discussion:
- Adding vision insurance: find out whether VSP or Delta Dental Vision is a better value.
- Mileage - budget for the federal rate to increase 1/1/24.
- Cor will review salary surveys before finalizing wages.
- Marty suggested hiring a marketing/development assistant.

Draft 2 Budget will be presented for a vote at the June meeting.

E.D. Annual Review - initiate process.

Alex outlined the steps to be taken for the annual review of the Executive Director:
- Cor will submit her self-evaluation to Alex, who will forward it to the entire board for board feedback. She will also submit a proposed contract for review.
- The Personnel Committee will meet to review feedback and synthesize responses into a summary.
- The review will be conducted at the June meeting and the contract voted on.
